

MARKET REPORT March 2015 / 01

Almonds

The Almond Board of California released their February 2015 Almond Industry Position Report Wednesday evening 11th March with shipments of 139.98 million lbs, a 6.3% reduction on last year's 149.34million lbs. Shipments were much better than expected; we all anticipated a decline of over 10%, many were suggesting to expect a decline of 15-30%. With most Buyers, Traders and even the Californian Packers surprised by this relatively small decline in shipments, it has resulted in almond prices increasing by around \$120 per tonne.
