

MARKET REPORT October 2016 / 01

Almonds

...

Facts/Market Data:

The Almond Board released their September 2016 Position Report on Tuesday evening 11th October. Californian shipments for the month were 201.5 million lbs, a 41% increase over last year's 142.9 m.lbs. Many including us were expecting a record shipment figure, no-one could have predicted such a large increase.

After only 2 months of the season shipments are up by a remarkable 38%.

Almond prices have increased by \$220 per tonne following this bullish data.

We will send a more comprehensive report within a few days.
