

MARKET REPORT August 2017 / 01

Hazelnuts

Facts/Market Data:

Turkey appears to be on track for a 2017 crop of 760,000 tonnes, according to the Turkish Exporters Union, and Georgia also appears to have a good crop of around 70,000 tonnes. Even if Italy is disappointing, and Turkey achieves its current export goal for the season of 240,000 tonnes of Kernels, there will be no shortage of hazelnuts next season.

However, as always, when ample supply is apparent, the question remains, what is the Turkish Government through its agencies prepared to do to protect the price should the oversupply put downward pressure on it...
