

MARKET REPORT October 2017 / 01

Hazelnuts

Facts/Market Data:

There is a growing consensus that the three largest 2017 hazelnut crops are about 700,000 tonnes in Turkey, 90,000 tonnes in Italy, and 70,000 tonnes in Georgia on an in-shell basis.

As usual the reality of the crop size is ultimately less important than the markets perception of what it is, as the prices are always set by the latter.

Even with the above crop perceptions (being a little lower than previously understood), market forces had perceived that the prevailing price for hazelnuts...
